

W HOTELS SOUND SUITE

The Facts

W Barcelona tunes up and unveils Europe's first W Sound Suite, a private music studio that allows guests to eat, sleep, record & repeat. This music studio and writer's room enables professional recording artists, studio musicians, producers and hotel guests alike, to record in style while on the road.

W Barcelona lives up to the city's reputation as one of the most innovative music capitals in Europe by creating this dedicated space for upcoming talent and recognised artists of the music industry.

With its unique beachfront location, WET Deck & Eclipse nightclub frequented by international DJs on regular basis, W Barcelona is well equipped to attract a range of top tier talent.

The W Sound Suite at W Barcelona is fitted with the latest studio technology and offers professional specifications in a stylish, comfortable and sound-proof space that ignites the inspiration. The main mixing room features a private vocal booth and a lounge for artists and entourage.
